Event Name: E-Waste Management	Event Date: 14 th June, 2022
Faculty Coordinators: Dr. RuchiGarg	Event Timings: 02:00 PM
Number of Participants: 76	Venue: Lloyd Campus 1
Guest : Ms. Chhaya Singh, Founder and Director at Koscove E-waste Pvt.Ltd.	MOC : Dr. Ruchi Garg

Expected Outcome:

The objective of this event is to minimize the negative impact of electronic waste on the environment and human health, while also recovering valuable materials and resources for reuse.

Detailed Report:

The E-Waste Management event was organized on 14th June 2022 at Lloyd Campus 1, under the guidance of Dr. Ruchi Garg, the Faculty Coordinator of the event. The objective of the event was to create awareness among the participants about the negative impact of electronic waste on the environment and human health, and to encourage the recovery of valuable materials and resources for reuse. The event started at 2:00 PM, and 76 participants

attended the event. The event was held offline and adhered to all the COVID-19 protocols. Ms. Chhaya Singh, Founder, and Director at Koscove E-waste Pvt. Ltd., was invited as the guest speaker. Ms. Chhaya Singh delivered a highly informative and interactive session on e-waste management. She started by discussing the increasing rate of e-waste generation and its impact on the environment and human health. She highlighted the various hazardous materials present in e-waste and their potential harmful effects. She further explained the importance of e-waste management and how it can help in reducing the negative impact of e-waste. She discussed the various methods of e-waste management, including recycling, refurbishing, and disposal. She also shared her experience of working in the e-waste management industry and how her organization is contributing to e-waste management. The session was followed by a Q&A session, where participants asked several questions related to e-waste management, such as the proper disposal of e-waste, the role of government and organizations in e-waste management, and the challenges faced in e-waste management. The event concluded with a vote of thanks by Dr. Ruchi Garg, who thanked Ms. Chhaya Singh for sharing her knowledge and experience and the participants for their active participation in the event. Overall, this event was highly informative and interactive, and it helped in creating awareness among the participants about the importance of e-waste management and its impact on the environment and human health. The event also emphasized the need to recover valuable materials and resources from e-waste for reuse, thereby contributing to sustainable development.

Learning Outcomes:

1. Understanding the environmental and health impacts of electronic waste.
2. Awareness of the importance of responsible e-waste management.
3. Knowledge of e-waste management strategies.
